

# Oracle ELA-Maintenance Fact Sheet

**Background:** On 25 MAY 15, The US Army Contracting Command-Rock Island (ACC-RI) Contracting Office, in coordination with CHESS, PEO EIS and Army Material Command (AMC) awarded an ELA-Maintenance (ELA-M) to Mythics, Inc for Oracle software maintenance for all licenses previously migrated and acquired under the PEO EIS and AMC Oracle ULA, W91QUZ-06-D-0003\_BA04. This ELA-M covers maintenance for PEO EIS and AMC only. The Period of Performance for this agreement is 2 years: 25 MAY 15 to 31 DEC 15 (Base Period), 01 JAN 16 to 30 JUN 16 (Option 1), 01 JUL 16 to 31 DEC 16 (Option 2), and 01 JAN 17 to 24 MAY 17 (Option 3).

## What's included in the Oracle ELA-M?

Maintenance of previously migrated and acquired licenses under the predecessor agreement, W91QUZ-06-D-0003\_BA04 to include: program updates, fixes, security alerts, critical patch updates, upgrades and service request assistance.

## License Allocation

**Contact the EIS or AMC POC, respectively, to transfer licenses and report your organization's current license usage:**

**PEO EIS: Nicki Wilson**

**AMC: Sadhna Edwards**

[Sadhna.M.Edwards.civ@mail.mil](mailto:Sadhna.M.Edwards.civ@mail.mil); (256) 450-7252

## Maintenance Cost

The exact cost to your organization will be determined after license allocation is reviewed at each option period.

The only time an organization's maintenance cost would change is if previously acquired licenses are transferred internally.

*For example, PM A wants to transfer licenses to PM B. PM B agrees to this transfer.*

*PM A's maintenance bill would go down and PM B's maintenance bill would go up.*
